Go Charge battery chargers are an affordable, reliable and safe battery charging system designed for everyday use. The system is engineered for users who need a charging system on an occasional basis and may not want or need the capabilities of a heavier duty and higher amperage product. The system delivers superior value to customers.

Features of Go Charge Battery Chargers:

- State of charge LED indicator
- Reverse polarity protected
- Zero spark technology
- Includes power cord and fused harness
- 1 year warranty
- Conforms to UL/CUL specifications
- Four (4) stage charge profile
- Both alligator clips and ring terminals included
- CE approved
- Over voltage and over current protection
- Universal input
- Quick disconnect harness connection
- Flexible rotating A/C power plug

Model	Description	Total Output	Size Per Unit	Reverse Polarity	Float Stage Maintenance	Independent Outputs	Universal Input
