# New Product Announcement

# OPTIMA

CHARGERS

## PART#: OPT1200

### 12V Performance Charger & Maintainer

- AC Input:** 100 to 120 VAC, 60 Hz 3.5 Amps
- DC Output:** Up to 14.9 VDC Digitally & Temperature Controlled
- Charge Mode:** Up to 12 Amps (Clamps), Up to 4 Amps (Aux.)
- Maintain Mode:** Up to 4 Amp (Clamps & Aux.)
- DC USB Output:** 5.0 VDC, Up to 1 Amp
- Battery Types:** AGM and Flooded (Lead Acid) Batteries
  - 12V Auto / Marine
  - 12V Motorcycle / Power Sports
- 12V OPTIMA and High Performance AGM Batteries**
  - Starting AGMs OPTIMA RedTop & BlueTop
  - Dual Purpose AGMs OPTIMA YellowTop & BlueTop
- Cables:** 6' AC and DC Cable, 6' Maintainer Cable
- Size:** 10" x 7.5" x 6.5"
- Weight:** 4.8 lbs.

### Features

- Microprocessor-controlled
- Enhances the performance of OPTIMA and other AGM batteries
- Charges, conditions and maintains 12-volt AGM and traditional batteries
- Recovers deeply discharged batteries and extends battery life

- LCD battery charging gauge and quick-set selections for easy operation
- Integrated (+) charging clamp LED work light with nonslip grips
- USB charging port compatible with smartphones, cameras and tablets
- Battery maintainer port and cable for stored vehicles
- High-efficiency 12-amp charging outperforms conventional chargers

## PART#: OPT400

### 12V Performance Charger

- AC Input:** 100 to 120 VAC, 60 Hz, 0.75 Amps
- DC Output:** Up to 14.9 VDC Digitally & Temperature Controlled
- Charge Mode:** Up to 4 Amps (Large Batteries), Up to 3 Amps (Small Batteries)
- Battery Types:** AGM and Flooded (Lead Acid) Batteries
  - 12V Auto / Marine
  - 12V Motorcycle / Power Sports
- 12V OPTIMA and High Performance AGM Batteries**
  - Starting AGMs OPTIMA REDTOP & BLUETOP
  - Dual Purpose AGMs OPTIMA YELLOWTOP & BLUETOP
- Cables:** 6' AC and DC Cables
- Size:** 7.1" x 3.9" x 2.7"

### Features

- Automatically maximizes battery life and performance with a built-in battery health mode
- Recovers discharged batteries other chargers cannot
- Hybrid LED battery charging gauge with LCD display
- Dual purpose hook and tilt stand design or hang it with the included wall organizer bracket
- Quick set battery type selection for easy operation

- Interchangeable battery clamps and ring terminals
- Reverse polarity and over temperature protection
- At-a-glance battery connected and check battery icons
- Ambient air temperature compensation during charging
- Pre-charge battery status display mode
- Charges at a maximum rate of 4 amps
